

Single Reduction Hypoid Drive Axle MS13 177 with Noise Free Gear Set

MS13 177

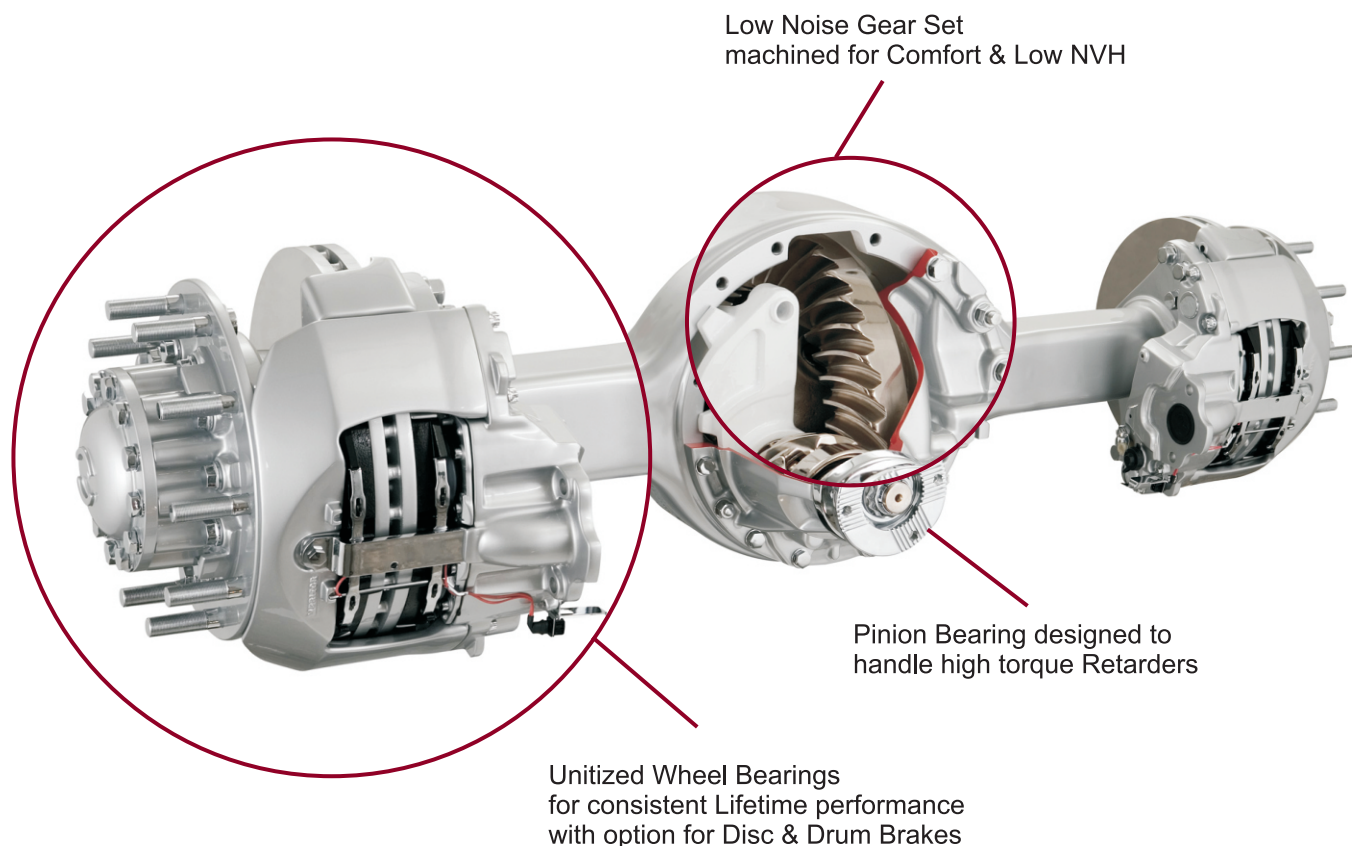

Performance Advantages:

- India's first axle specifically designed for luxury coach applications
- Low Noise gearsets specially machined for reduced NVH and enhanced ride comfort
- Designed to handle high torque Retarders
- Optional Permanent lubricated Unitized wheel bearings for consistent and improved performance with minimum maintenance
- Suitable for both Air Disc and Drum brakes
- Permanent lubricated Unitized cartridge type Pinion bearing for increased life and vibration free operation

Product Description :

The product is ideally suited for luxury coach applications with specially designed components to increase passenger comfort by providing the best in NVH. Equipped with Air Disc Brakes it provides a safe and stable ride for high speed Inter city operation

MS 13 177 has been designed to work with high torque retarders. Its unitized Pinion bearing offers high power density and extended life.

Product Specification :

GAWR Tonnes	GVW / GCW Tonnes	PCD mm	Box Section mm	Brakes	Application
13	23 / 44	444.5	154 x 140	Drum- Dia 410 x 220 / 200, ELSA-Air Disc Brakes	Bus and Luxury Coach
